# Early Sign Ups

# Cross Country

Club Leader Dhiraj Agrawal

- Cross Country is for any middle schooler who likes to run, be fit and be part of a team.
- No experience is necessary.
- The season starts on Monday August 26th and will end on Friday, November 8th.
- Practices are on Mondays and Wednesdays from 3:30pm to 4:15pm
- Meets will be on Fridays starting mid/late September at various PUSD middle schools
- Cost is \$25 per student and payment is required at the time of registration on Jumbala
  - Given the unique timing of cross country where the season starts early and ends early, **registration will close early on Tuesday, September 3rd. No exceptions!**
  - Any questions? Please contact Dhiraj Agrawal at [dhiraj.agrawal@gmail.com](mailto:dhiraj.agrawal@gmail.com)

EXPLORE

### Grades

1-4

### Teams

Up to 6 students, at least 2 coaches

### Time Frame

August - January

### Team Costs

\$600 for a new team, \$300 for a returning team

## Team Journey

# Explore Model

# LEGO Spike Essential Kit - needed to motorize the model

# Mat - Robot Game?

# FLL Explore Exhibition - Early December?

FIRST LEGO league is  
entirely an adult volunteer  
run program at Design39.

\*All information and dates are  
subject to change.

# Next Steps

Register students via Jumbula to be added to the interest list

Potential Coaches - attend the coaches meeting to learn more:

[Thursday, May 30 7PM \(Zoom\)](#)

# FIRST LEGO League Challenge (formerly FLL) - Ages 9-16

Innovation project: identify and solve a real-world problem

Build and program a robot that navigates missions of a robot game

<https://www.firstinspires.org/robotics/fll>

***FIRST***<sup>®</sup>  
**LEGO**<sup>®</sup>  
**LEAGUE**

**CHALLENGE**

# FIRST LEGO League Challenge (formerly FLL) - Ages 9-16

Teams: up to 10 students, at least 2 coaches

Time Frame: August - December

Time Commitment: 2 - 4 hours per week

Materials:

4 foot x 8 foot table

Mindstorms: Spike Prime, Robot Inventor set 51515, or EV3

LEGO parts for Robot Game Mission models

Costs: \$200/student for first season, \$100/student for subsequent seasons

**COMING AUGUST 2024**  
**#SUBMERGED**

# SUBMERGED - FIRST LEGO LEAGUE - 2024-2025 Trailer Breakdown

# Standard Sign Ups

# Coding4Kidz

## Introduction

President: Imaad Muzaffer & Tanav Kambhampati

Vice Presidents: Nitin Balaji & Anvay Yadav

Teachers: Saathvik Gampa, Tanav Kambhampati, Paaras Purohit, Mihir Bapat, Nitin Balaji, Anvay Yadav, Imaad Muzaffer, Aranya Bhattacharya

## Why we teach

- Taking computer science in High School.
- Have previous experience with coding.
- Have previous experience with teaching.

## Classes

- Every week on Saturdays from 2pm to 3:00pm.
- Everyone signed up will get an email telling you the details of the class that week.
- Email will be sent out around Wednesday or Thursday each week

# Two Types of Classes

Week 1: Fundamentals

Week 2 - Week 8: Basics relating each language

Python Classes

Java Classes

Scratch Classes

Web Dev Classes

## → Class Format

1. Move into breakout rooms based on subject
2. Learn new content for the week
3. Questions and Answers
4. Do practice activities/projects to test understanding of new knowledge

# Scratch Syllabus

For our scratch course we are going to basically cover the entire thing.

- Blocks
- How to connect them to make a project

## Python Syllabus

Currently in our Python course we have planned out the following topics to teach:

1. Turtle Graphics (controlling a turtle to execute commands)
2. Python Fundamentals (printing, variables, user input)
3. Python Loops and Functions
4. A deeper examination into Python Strings
5. Simple Python Data Structures (tuples, lists)

## Java Syllabus

Currently in our Java course we have planned out the following topics to teach:

- Java fundamentals( printing, input, variables)
- Conditionals (if/else statements)
- Loops (for loops and while loops)
- Method fundamentals (return and voids)

# Web Dev Syllabus

Currently in our Web Dev course we have planned out the following topics to teach:

- HTML basics, building layout of website
- CSS to style and make website more attractive
- JavaScript to add functionality to website
- Final project of building your own website

# Dig39Crew

*Growing a Productive & Innovative  
DIG39Garden*

---

# DIG39Crew

## Club Goals

- Maintain the garden more efficiently
- Learn a ton & enjoy the rewards of gardening

## Garden Tasks

- Weed & trim
- Plant, transplant and harvest
- Maintain worm bins & aeroponics station
- Collect, pack and label seeds

## Garden Activities

- Sampling harvest
- Garden art & crafts
- Construction & repair

# DIG39Crew

## Chairs:

- Dr Susan, aka Garden Lady
- **Co-Chair Needed!** Must be Level 2 cleared volunteer

## Crew:

- 4th grade and older
- K-3rd grade with accompanying Adult Level 1 or 2 cleared Volunteer
- Happy to get dirty
- Don't mind bugs

# DIG39Crew

## Contact:

Co-chair Susan Ross

- [drsusan@design39collaborative.org](mailto:drsusan@design39collaborative.org)

Co-Chair: Please consider volunteering  
(Level 2 clearance required)

- Co-chair email address (TBD)

## Cost:

- \$25 per Designer
- Covers personal gloves & snacks

## Timing:

- Depends on Co-chair but tentatively 2nd & 4th Wednesday each month
- from 3.30pm to 5pm (TBC)
- Special events likely but optional

# Odyssey of the Mind

— A creativity and problem solving  
competition —

---

---

# Odyssey of the Mind

- Typical student activities: Students work in **teams 5-7** to create **solutions with skits for Long-Term Problem**. Solutions are created **without outside assistance (no help)** for the Long-Term problem. (Types of Problems: primary, vehicle, robot, classics, balsa wood, or drama problems) They will also solve a **Spontaneous** problem. They will compete at a **regional tournament** in early March.
- Goals: Improve **creativity and problem solving**, inspire **teamwork**, gain **leadership and self-reliance**, learn how to adhere to a **budget**, get confidence **performing in front of others**, practice **thinking on your feet**.
- Next steps: We are collecting **coach interest** at the same time as student names for the **waitlist**. We'll contact you if there is room on a team.
- Grade span: K-8 (3 divisions)
- When: Usually once a week Oct-Mar
- Where: Meeting location **depends on the coach**
- Time: meeting time and duration is determined by each individual team's coach
- Cost: \$90 for tournament fee, T-shirts, pins, and materials
- Questions: email [d39odyssey@gmail.com](mailto:d39odyssey@gmail.com)
- Team Leader (Coach) Zoom meeting: TBD; link will be sent to you if you have completed the interest list google form
- Participation: Students must be committed to participate on the team. Parents must be committed to support student's involvement and travel to competition in Riverside/LA. Parents not coaching a team should be prepared to volunteer at tournament such as a judge, etc.

# Odyssey of the Mind

- This club is entirely a parent volunteer run program at Design39C. Our club needs parent volunteers to lead a team (coach). Please consider. We are allowed 5-7 students per team. Every year we turn away many students because we don't have enough team leaders. **If you decide to lead a team, your child is guaranteed a spot**
- To learn more about Odyssey of the Mind, please visit: <https://odysseyofthemind.com/>
- If you are interested in this club, please register via Jumbula and please submit the interest list using this QR code.

# QuizBowl

# Welcome to Quizbowl!

A dark blue diagonal gradient bar that starts from the bottom left and extends towards the top right, covering the lower half of the slide.

# What is Quizbowl?

- Team-based competition
- Use of buzzers
- Tournaments are held locally across San Diego, hosted by high school students in-person and online
  - RBHS, CCA, DNHS, WVHS, etc.
- If we qualify regionally, we get a chance to attend Nationals in May!!!

# What is Quizbowl?

- Tournament-style academic quiz competition on a variety of subjects
  - Literature
  - Science
  - History
  - Religion
  - Fine arts
  - Current events
  - Geography
  - Pop culture (“Trash”)

# Why Quizbowl?

- Broaden knowledge in a variety of subjects
- Further teamwork skills
- Interact with people from other schools
- Gain new experiences
- Have fun!

# What does our club do?

- Weekly practices, reading questions
- Assign research homework assignments through Google Classroom to build knowledge
- Provide resources for further practice
- Attend tournaments and compete against other local middle and high schools
  - OVMS, BMMS, MVMS, junior varsity high school teams, etc.

# Who can join?

Anyone in middle school (grades 6-8)  
is invited to join Quizbowl!

# When does Quizbowl take place?

Practices are held online on  
Mondays from 5:00-6:00 PM

Most tournaments take place on  
Saturdays from ~8 AM-5 PM.  
Some players choose to only  
attend half the day  
(morning/afternoon).

# Who is running the club?

Our club has two co-coaches, both seniors who have participated in QB for many years:

- Maryam Abdul-Aziz  
(D39/DNHS)
- Anay Sabhnani  
(BMMS/DNHS/High Bluff)

# Costs

- ~Monthly tournaments with a low cost to compete (\$12-25)
  - Members are not required to attend all tournaments

# What is Quizbowl?

## Sample question (Tossup)

(7) **A character in this novel has her glove stolen by John Brooke, who later becomes her husband. Another character visits the Hummels, and contracts (\*) scarlet fever from them after three of their children die. At the end of this novel, Professor Bhaer and his wife turn Plumfield into a school for boys. Amy accompanies Aunt Carrol to Europe during this novel. For ten points, name this Louisa May Alcott novel about the March family.**

**ANSWER: Little Women**

Taken from SCOP MS 12

(novice level packet)

# Race to Space

---

---

# RACE 2 SPACE

**FUTURE STEM SCIENTISTS &  
SPACE EXPLORERS**

# WHAT IS RACE 2 SPACE?

A club dedicated to creating interest in STEAM through learning opportunities and different team-building challenges.

Welcome grades 6-8

These activities are designed to increase students' interest and involvement in STEAM and space exploration and improve their ability to participate in STEAM studies and careers.

# WHAT DO WE COVER

Space History

Rocketry

Thermal protection systems

Launches and landings

Space station modules

Space habitats

Active space programs

... and many more.

# INSPIRATION SPEAKERS

Biology Engineer  
Research Scientist  
NASA Engineer  
Chemist  
Jet Propulsion Lab  
Planetary Scientist  
US Navy  
... So Much More

# TAKE A PICTURE AND CONTACT US

Enrollment is based on first come first serve

# Run39

*D39C Running Club*

---

---

# Run39

## PARENT VOLUNTEERS NEEDED TO BEGIN SEASON!

- Run39 is D39C's fun-filled volunteer-driven running club
- Enables kids to get some exercise before school by running laps around school playground.
- Volunteers scan laps; students/parents track progress on App. Motivational awards given for achieving milestones.
- **Grades** : ALL grades welcome! **TK-8** (split into 3 running groups : TK-2, 3-5, 6-8)
- **When**: Mondays and Fridays - 8-8:35 AM (before school). Main gate open for entry from 7:50-8:00 AM
- **Where**: Running Track around School Playground

### Run39 Student Achievements during previous years!

- ★ D39C School goal achieved : Up to 6800 "school miles" completed during one year in the past!
- ★ During 2023-24, 50 runners completed the marathon (26.2 miles) including many TK-2 runners
- ★ 6 runners completed 100K milestone and 2 runners almost reached 100 miles
- ★ 21 runners clocked 50 miles or more.. close to 2.25 miles every run!
